

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 98-076-C - ORDER NO. 1999-559
AUGUST 9, 1999

IN RE: Application of Knology Holdings, Inc. DBA) ORDER APPROVING ✓WR
Knology of Charleston, Inc. for a Certificate) FLEXIBLE
of Public Convenience and Necessity to) REGULATION
Provide Local Exchange Services within the)
State of South Carolina.)

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of Knology Holdings, Inc. DBA Knology of South Carolina, Inc. (Knology or the Company) for flexible regulation of its Local Exchange Telecommunications Services, similar to the policies and procedures set out in Order No. 98-165 in Docket No. 97-467-C. Specifically, Knology requests that the Commission approve, for its local exchange services, a rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels. Further, Knology requests that its local exchange tariff filings be presumed valid upon filing, subject to the Commission's right within thirty (30) days to institute an investigation of the tariff filing, in which case such filing would be suspended pending further order of the Commission. Any such tariff filings will be subject to the same monitoring process as similarly situated competitive local exchange carriers.

Pursuant to the instructions of the Commission's Executive Director, the Company published a Notice of Filing in newspapers of general circulation in its areas of

service. The Company filed proof of publication. No Protests or Petitions to Intervene were received. The Company therefore asks for expedited review of the request.

We have considered the matter and we hereby approve the flexible regulation proposed by the Company as filed, and, as described above. We believe that this methodology is a reasonable way to regulate this Company.

This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

Chairman

ATTEST:

Executive Director
